

2025 National Taiwan University International Handball Invitational Tournament

In 2023, after overcoming the challenges of the COVID-19 pandemic, we successfully resumed the tournament with overwhelming support from university handball enthusiasts across various countries. A total of 45 teams and 739 talented athletes participated, creating a lively and exciting event.

As we look forward to the 2025 tournament, we are planning to invite not only universities from Asia but also teams from Germany and Australia to join this grand event. All matches will be held in air-conditioned indoor courts, ensuring a comfortable and competitive environment for all participants.

We sincerely hope to receive the enthusiastic support of your university (or club) and warmly invite you to join us in Taipei for this exciting competition, as well as an opportunity to explore the beauty and culture of Taiwan.
